

Building Resilience to Meet the World

Understanding the Complexities of Child Development in Today's World

A lecture by Lisa Romero

A **lecture** to help build an understanding of how we can best offer support through the various child development milestones in light of what Anthroposophy offers. It will look at how we can bring a healthy picture of development in the context of Waldorf pedagogy and consider the ways in which we can help young people stay united to the whole when dealing with the common hindrances they face that can block the progressing levels of experience. This is especially relevant to parents, caregivers, teachers, health professionals and anyone working with children/adolescents.

Friday April 13th 7.30pm

**Venue: Edinburgh Rudolf Steiner School, Spylaw Road, Edinburgh, EH10 5BR
Cost £10/£7 (Concessions)**
